

LifeLine, Hamilton County Schools and STEP, Inc.
Invite You to Attend!

**2017 Chattanooga
Special Education
Transition Academy
Planning for Life
after High School**

You won't want to miss this **FREE** event!

Saturday

March 11, 2017

8 am—3:30 pm

**East Ridge High School
4320 Bennett Road
East Ridge, TN**

This event is **THE** place for students with disabilities, their parents, teachers, and service providers to find answers to their questions, make connections, and receive tools that will help ensure that students with disabilities exit high school prepared to live, work, and participate fully in their community!

Highlights Include:

- College and Training
- Independent Living
- Self Advocacy
- Employment
- Information Fair with State and Local Agencies

To register visit the STEP website at www.tnstep.org or call 1-800-280-7837.

It's **free** for students, parents, teachers, and other professionals!

Register by **March 9, 2017**, and we'll include your **breakfast and lunch**, too!

Featuring Joey Ellis

Joey Ellis knows all about transition from high school to life as a productive member of the community. He has devoted his life to serving individuals with disabilities and their families. Along with his lifetime of experience as an individual with Cerebral Palsy, his attendance and graduation from UT Martin, and his five years of professional experience as a Special Education teacher, Joey has worked with families across the state as STEP's Transition Specialist. Joey's passionate about helping students — with the support of their families, friends, and professionals at school and in the community — successfully navigate from high school to a really real adult life.

Funded in part by a grant from the TN Department of Education — Division of Special Populations
